

The **Salvation Army** is the subject of this message.

We, probably like you, have an idyllic image *firmly embedded* in our psyches that The Salvation Army is staffed by volunteers who faithfully ring bells at Christmas time outside grocery stores on cold, damp winter mornings to collect nickels and dimes for the poor and needy.

What if we told you that **The Salvation Army is a multi-national corporate conglomerate**? They amassed \$3.8 billion in 2020 revenue alone, \$300 million of that in U.S. government contracts (\$2 billion since ca. 2007). The Salvation Army has their own bank and insurance companies in London, UK. Their subject matter specialties are slavery, sex trafficking, sodomy, rape, temporary housing, adoption, half-way houses, drug rehabilitation, kidnapping, runaways, homeless and veteran assistance.

They have special USAID-UNICEF contracts that are evidently involved in child sex trafficking in Ethiopia and Tanzania.

These two images do not mesh, do they? **Which one is true?**

We were shocked to discover that The Salvation Army *hides behind the former* to carry out the latter.

The Salvation Army Deceivers

WILL YOU SERVE GOD, OR MONEY?

We must remove from the face of humankind this evil stain created by the British Empire, and permitted to continue by the complicit silence of possibly compromised Christian leaders and the nefarious agenda of donors *all too eager* to donate... **in exchange for your soul.**

"No one can serve two masters; for either he will hate the one and love the other, or he will be devoted to one and despise the other. You cannot serve God and wealth. [Matthew 6:24](#) (NASB)
